

Weekly Report

Pingping Shang

2012.12.17~2012.12.23

Work in this week

- 1、 Learn PDE for course “Introduction for Modern Mathematics ”.
- 2、 Read papers related with search map.
- 3、 Translate the paper “Visual Analytics for the Big Data Era—A Comparative Review of State-of-the-Art Commercial Systems”. I find some problems in translating some long sentences with many attributes and thus the results are not very well.

Plan for next week

- 1、 Prepare the last homework of the course “Information Visualization”.
- 2、 Make study about search and visualization.
